A novel step as far as Masonry in Minne-sota and clearly every other state is con-cerned has been taken by the Scottish Rite Masons of Duluth. They have taken two ladies into the order by the rite of adoption, which is recognized in the ritual, but has seldom been exercised in this country.

DILAPIDATED SHIPS.

All That is Left of the Long Brazilian

Insurrection. [Copyrighted, 1894, by the Associated Press] Beunos Ayres, April 17.—The remains of the Brazilian rebel fleet commanded by Admiral De Mello, which arrived off this port last night are the subject of extensive exchanges of telegraphic

messages between the authorities of this place and the Brazilian government through the Brazilian minister here.

The rebel ships are the Republica, Meteoro, Iris, Urano and Esperanza. They are in a very dilapidated condition and the rebels on board of them are suffering from sickness, wounds and lack of

fering from sickness, wounds and lack of proper food supplies.

Their temporary wants have been sup-plied, with the consent of the Brazilian minister, who has received advices from Rio de Janeiro saying that a general am-nesty will be granted to the insurgent rank and file and that the Brazilian government will pay the quarantine ex-penses of the ships if they are sur-rendered to the Brazilian minister.

Consequently the Argentine govern-ment, with the consent of the rebel leaders is now superintending the de-livery of the five war vessels to the Bra-zilian minister, which will have been ac-complished by the time this dispatch reaches the United States. The crews of the rebel ships here are being disem-barked at the Lazarette here and will be cared for until further orders are received from Rio de Janeiro. It is be-lieved that when the men and ships are in a proper condition, they will rejoin the Brazilian vessels under the government officers and return to Rio de Jan-

President Peixoto's government has notified the government of Uruguay that the expenses and passage money home of the insurgents who landed in the department of Rocha, Uruguay, will be paid by the Brazilian government, and that they may all with the exception of the leaders, return to Brazil with no fear of being surgely purished for the part of being severely punished for the part which they have taken in the rebellion.

Nothing seems to be known of the ul-timate destination of Admiral de Mello and General Saldago, although it is believed the former will take the opportu-nity of escaping to some foreign country where he can hide himself for the rest of his life.

On all sides the utmost contempt is expressed for Admiral De Meilo whose de-sertion of Admiral Da Gama is looked upon as being a proof of cowardly treachery which even the admiral's most inti-

mate supporters condemn.

To such an extent does this feeling prevail that it is openly stated that Da Sama proposes to seek out Admiral De Mello and compel him to meet in mortal combat. Those who should know Ad-miral De Mello the best believe that he will take care to avoid any such meeting. If the rebel admiral falls into the hands of President Peixoto, there is little doubt but that he will be promptly tried by court-martial and shot.

Mobs of Strikers Terrify Workmen but the Strike is Over. CONNELSVILLE, Pa., April 17. - The scenes around the Wheeler and Morrell works last night revived memories of the riotous proceedings when the strike was inaugurated. Mobs of strikers marched up and down the roads between the two plants and those who went to work yesterday were besieged by hordes

of Huns and Slavs. Fires were built and watch kept up all night. The besieged workmen were frightened almost to death. Many of them offered to surrender and join the strikers, but their wives and families

dissuaded them from this action. Despite the disorder at the Wheeler and Morrell plants the strike is over and next Saturday will see the entire region at work under the Frick scale.
